Accessing the SDSS Template from the Overleaf Gallery

Overleaf is an online LaTeX editor that's easy to use. We have included the SDSS 2020 template in the Overleaf Template Gallery. The format for extended abstracts **has not changed** so this template may be used for SDSS 2021 submissions.

It is available at https://www.overleaf.com/latex/templates/symposium-on-data-science-and-statistics-sdss-2020-template-for-contributed-papers/mqhvntxgjdsk
